1.1. The conception of interactive regulation of teaching and learning	6
1.1.1. Design, development and end-product of teaching	7
1.1.2. Design, development and end-product of learning	9
1.1.3. Interaction between teaching and learning	10
1.2. Interactive evaluation of teaching and learning processes	11
1.2.1. Evaluating the teaching-learning process, from the teacher perspective	11
1.2.2. Evaluating the teaching-learning process, from the student perspective	12
 2. CHARACTERISTICS AND UTILITY OF THE IATLP SCALES	
2.1. Scale Configuration	12
2.1.1. Scale Structure	12
2.1.2. Scale Use	17
2.2. Information obtained	18
2.2.1. Information on aspects evaluated in the items	18
2.2.2. Information on percentages	18
2.2.3. Information on mean values	18
2.2.4. Profile information	18
 3. PSYCHOMETRIC PROPERTIES	
3.1. Sample characteristics	19
3.2. Reliability	19
3.3. Validity	22
3.3.1. Content validity	23
3.3.2. Construct validity	25

4. CRITERIA AND RULES FOR INTERPRETATION	
4.1. Criteria for interpretation	40
4.2. Rules for interpretation	40
